Cash on hand due the library, \$4 91

G. W. STANLEY, Librarian.

Report of School Board.

To the inhabitants of the town of Piermont we present the following report of the schools in town for the year ending Feb. 15, 1899.

We maintained schools in eleven districts during the summer and fall and six in the winter, twenty-eight terms in all, varying from eight to sixteen weeks.

We have had enrolled 147 different pupils during the year, eleven of these are sixteen years of age or over and three are under 5 years.

We have employed seventeen different teachers, five of the number not having taught before, and ten being residents of Piermont. Some of our teachers have done their work thoroughly, and as far as we know satisfactorily, while a few have failed in some respects. Perhaps the last mentioned might have been more successful had they been placed in some other schools.

We do not think the general standing of the schools is below the average of preceding years, but we do think there is a chance for improvement. If our schools are to be model schools there is much work to be done outside the school room as well as in the school room.

The parents should show more interest in the schools and visit them occasionally. What man or woman employs help and does not go near them at all to see what progress they are making? Should we not be as anxious for our children to advance in their studies as we are about our work?

Another thing, do not let the children stay out of school; we notice a good many marks in the registers, some on account of sickness, but not the tardy marks. Try to have the children never late to school; it is hard for them, as well as for the teacher, if they lose time in the morning they will be behind all day.

Some are always anxious to have more money raised for the schools, and yet they do not send the children so as to get the benefit of what is raised. Parents do your part then the teachers and pupils will have better courage to do theirs. The work will be done more thoroughly and better order will prevail in some of our schools.

In regard to repairs we would say that we have used all the money voted for same and were obliged to use

some besides in order to make necessary repairs, The Union House was in very bad shape but the amount expended there has made it one of the best in town. One half the roof in Stanley district has been newly shingled and further repairs are much needed the coming year. If a school is maintained on the river road there will either have to be extensive repairs made on the old house or a new one built. None of the rest will need much done to them the present year.

Financial Report of School Board.

FOR THE YEAR ENDING FEBRUARY 15, 1899.

RECEIPTS.

Balance on hand from last year,	\$47 16
